

User Guide

Control Panel — index2.html

The main referee interface — full control over scoring, cards and timers

Scoring Buttons

+ button (large green)
Adds one point to the team

- button (small red)
Removes one point from the team

Live game score display

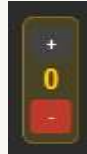

Cards button — opens the card selector for that team

Timeout — first is normal, second is active (orange)
Starts 60s on press, cancel by pressing again

Serve indicator — moves toward the serving team

Sets control box
Adds or removes a set win
Adding a set saves the current score and resets to 0-0

Match score — adjusted with the + and - buttons beside it

Power button — returns to the home page

Cards System

The four card types:

White card

Given automatically
when the team's timeout
ends

Yellow card

Warning only — no point
penalty

Yellow/Red 1

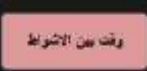

Second offence = 1 point
to opponent

Yellow/Red 2

Third offence = 2 points
to opponent

Tap a card again to remove it.
